September 10, 2018

Dear Community Leader/Elected Official:

In January 2018, the New York State Board on Electric Generation Siting and the Environment granted approval to Cassadaga Wind to build and operate a wind facility in Chautauqua County. Last month, the New York State Public Service Commission issued a notice announcing a public statement hearing regarding Cassadaga Wind's petition to exercise an electric generation franchise under Section 68 of the NYS Public Service Law.

As a follow-up to the August notice, I am enclosing a fact sheet which provides detailed information on how to participate in the hearing and available options to submit comments. Information about the case can be found at the Commission's [www.dps.ny.gov](http://www.dps.ny.gov) web site. From the homepage, click on "Search," and enter the associated case number (18-E-0399) in the "Search by Case Number" field.

I would appreciate your assistance with informing your constituents about the public statement hearing and encouraging them to provide comments. It is the Commission's intent to facilitate and encourage active and meaningful participation at the hearing.

Sincerely,

**John Auricchio**

Acting Director

Office of Consumer Services
